ENGINEERING SUSTAINABILITY

EARTH DAY PANEL

FEATURING MARY ARMSTRONG - VICE PRESIDENT, ENVIRONMENTAL, HEALTH, AND SAFETY, THE BOEING COMPANY (RETIRED), AS WELL AS REPRESENTATIVES FROM THE FIELDS OF BUSINESS, ENGINEERING, DESIGN, ENERGY, AND POLICY

OPEN TO STUDENTS, FACULTY & STAFF

11:00 TO 12:30 PM - STERN CENTER BALLROOM

Armstrong has developed initiatives to reduce the company's carbon footprint including implementing a "zero-waste" policy and improving efficiency, emissions, and recycling practices. The panel will discuss the design and engineering of sustainability at the College of Charleston.
