Sunday, February 24, 2013 at 2:30 pm – ***“Queen of the Sun: What Are the Bees Telling Us?”*** This profound, alternative look at the global bee crisis takes us on a journey through the catastrophic disappearance of bees and the mysterious world of the beehive. An engaging and ultimately uplifting film. (2011, 82 min.) www.queenofthesun.com

Sunday, March 3 at 2:30 pm – ***“Gasland”*** A natural gas drilling boom has swept the country. The new technology is called hydraulic fracturing, or "fracking." But is it safe? This film combines verité travelogue, exposé, mystery, and bluegrass banjo. (2010, 107 min.) www.gaslandthemovie.com

Sunday, March 10 at 2:30 pm – ***“Carbon Nation”*** An optimistic, solutions-based, non-preachy, non-partisan, big tent film that shows that tackling climate change boosts the economy, increases national and energy security and promotes health & a clean environment. (2010, 86 min.) www.carbonnationmovie.com

Sunday, March 24 at 2:30 pm – ***“Addicted to Plastic”*** From styrofoam cups to artificial organs, plastics are perhaps the most ubiquitous and versatile material ever invented. No invention in the past 100 years has had more influence and presence than synthetics. But such progress has had a cost. (2008, 85 min.) www.bullfrogfilms.com

Q & A with local experts will follow each screening.

This is the second annual green film series co-sponsored by the Green Sanctuary and Sustainability committees from
