

The Challenges of Global Population Growth

On March 26th, the College of Charleston will welcome **Stacie Murphy**, Policy Associate at **Population Connection**.

Ms. Murphy will discuss how rapid population growth contributes to the global challenges of the 21st century. Her talk will cover food and water security, environmental sustainability, and the importance of the rights of women in the developing world.

The talk will be held in Addlestone Library, room 227 from 4-5 pm.
